

Giving students access to materials in the Touchstones® Online Classroom

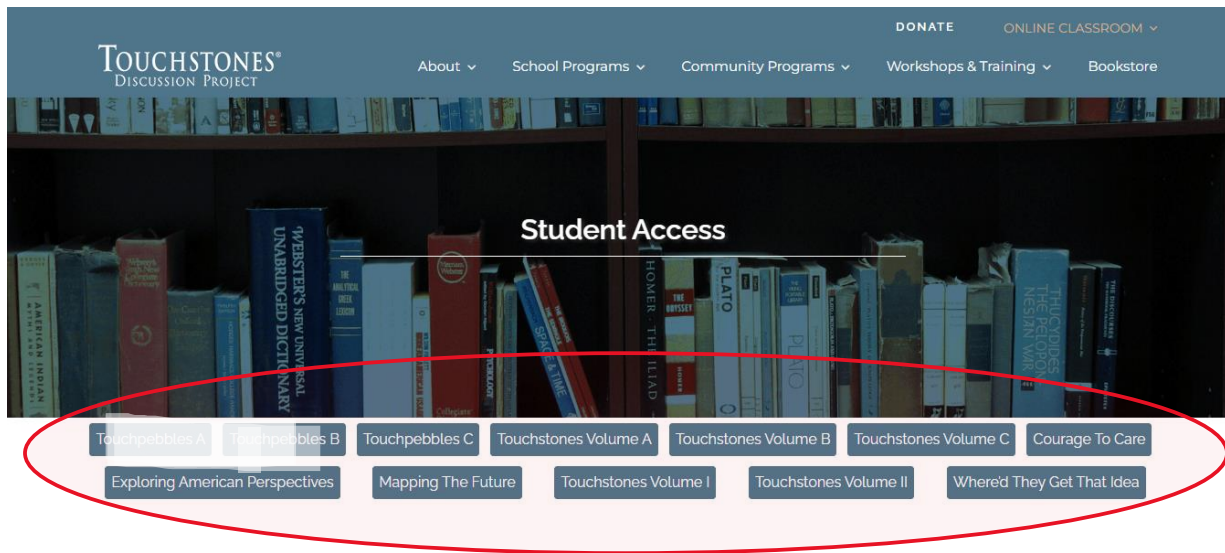

1. Go to www.touchstones.org
2. Click on the Online Classroom dropdown in the top right corner

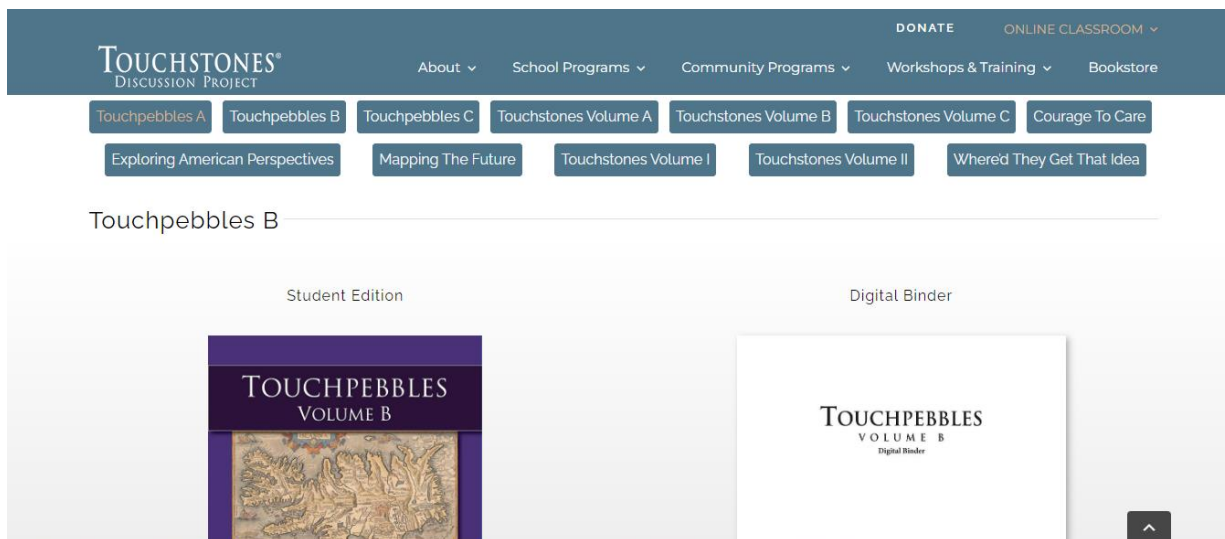

3. Choose For Students

4. Choose the title of the text your class is using from the menu under the header or by scrolling down.

5. Click on the Student Edition

6. Type the student password you received when your account was created and click Enter. Please note, each volume has a unique password, and all students using the same volume will use the same password. The password for each volume is the same for the Student Edition and Digital Binder.

If you forgot the password or no longer have access to it, please email schoolprograms@touchstones.org for assistance.

100. The Wild and the Dog 100

8. Student can download lesson worksheets by accessing the Digital Binder in the top right corner of the page or in the For Students section of the Online Classroom.

9. The Digital Binder requires the same password needed to access the Student Edition.

10. Students should download and save the Digital Binder to their device before the first Touchstones class so they can access their worksheets and evaluation tools throughout the year.
