Is on the Way!**

TOUCHSTONES®
DISCUSSION PROJECT

Touchstones® Week 2025 Kit

Building mutual understanding through discussion - so
that we can solve our most pressing problems together.

#TouchstonesWeek2025

Touchstones Week is back and better than ever! This year's Touchstones Week 2025 will be **November 9-15, 2025**, and texts are again available in English, Spanish, and French and include these topics:

- **For elementary students, a passage exploring customs**
- **For middle school students, a passage exploring friendship**
- **For high school students and adults, a passage exploring the motivations behind doing good works**

If you're new to Touchstones Week, each year in the fall, we offer a kit that includes free discussion lesson plans to people around the globe in school, university, and community settings to engage in a collaborative discussion. We provide everything for you--an explanation of the Touchstones process, lessons plans for all ages, and each lesson plan includes English, Spanish, and French language versions.

Sign up below, and please tag us in social media posts using the hashtag #TouchstonesWeek2025.

Thank you for your support of collaborative discussion, civil discourse, and Touchstones!
